## **Various Forms** Of Headache

Superintendent of Schools N. J. White-hill of White River Junction is recovering from an acute attack of grip. This was the first time in 25 years that he has been off school duty because of illness.

X. Roberg, a former resident of St. Albans, but serving in Europe with a Canadian troop for the past two years, is in a hospital in England, recovering from wounds.

"It is necessary in order to treat head-aches properly to understand the causes which produce the affection" says Dr. J. W. Ray, of Blockton, Ala. Continuing, he says. "Physicians cannot even begin the treatment of a disease without knowing what causes give rise to it, and we must remember that headache is to be treated according to the same rule. We must not only be particular to give a remedy intended to counternct the cause which produces the headache, but we must also give a remedy to relieve the pain until the cause of the trouble has been removed. To answer this purpose anti-kammis tablets will be found a most convenient and satisfactory remedy. One tablet every one to three hours gives comfort and rest in the most severe cases of headache, neuralgias, and particularly the of hendache, neuralgia, and particularly the headaches of women.
